## WORK HISTORY

**Senior Software Engineer (Freelance) – CAPSLOCK Technologies** *Jan 2025 – Present*

• Designed and developed modular Angular applications with lazy loading and micro frontend architecture, improving scalability by 30%.

• Integrated RESTful APIs with robust error handling and caching via RxJS observables.

• Enhanced UI responsiveness using SCSS and Angular animations, cutting load times by 25%.

• Conducted code reviews, unit testing (Jasmine/Karma), and continuous deployment with Jenkins.

• Partnered directly with clients for sprint planning, requirement analysis, and delivery in an Agile environment.

*Tech Stack: Angular 17, TypeScript, HTML5, CSS3, RxJS, NgRx, REST API, Bootstrap, Jenkins, Agile*

**Software Engineer – GODB Tech Private Ltd. (Insillion)** *Aug 2022 – Dec 2024*

• Engineered Angular-based web applications improving responsiveness and user engagement by 20%.

• Collaborated with backend teams to integrate RESTful APIs, optimizing data flow and caching mechanisms.

• Implemented automated testing and CI/CD workflows, reducing production defects by 30%.

• Mentored junior developers in TypeScript best practices, Git workflows, and UI optimization techniques.

• Delivered consistent releases through Agile sprints, ensuring business alignment and quality.

*Tech Stack: Angular 15, TypeScript, HTML5, CSS3, RxJS, NgRx, PrimeNG, Git, Jenkins, Agile*

**Front-End Developer – Eficaz Technology Solution Pvt. Ltd.** *Feb 2021 – Aug 2022*

• Developed responsive, user-centric web applications that improved engagement by 30%.

• Converted Figma and Adobe XD designs into pixel-perfect, production-ready Angular components.

• Optimized UI/UX and implemented performance tuning using Lighthouse and DevTools, cutting load times by 20%.

• Partnered with cross-functional teams to ensure seamless API integration and minimal downtime.

*Tech Stack: Angular, HTML5, CSS3, JavaScript, Bootstrap, Ionic, REST APIs*

**Junior Software Engineer – Mobi Enable Solution Pvt. Ltd.** *Jul 2019 – Aug 2020*

• Built and maintained hybrid mobile and web apps using Ionic and AngularJS, reducing crashes by 20%.

• Reworked UI components to improve client satisfaction and system stability.

• Collaborated with QA and backend teams to ensure consistent functionality across devices.

*Tech Stack: JavaScript, HTML5, CSS3, Ionic Framework, AngularJS*

## EDUCATION

**Master of Computer Applications (MCA)** — Nehru Institute of Information Technology & Management, Anna University (2017 – 2019) | Approved by AICTE

**Bachelor of Computer Applications (BCA)** — Nehru Arts and Science College, Bharathiar University (2014 – 2017) | Recognized by UGC, Accredited by NAAC

## PROJECTS

•Insillion Angular Web Application (2021–2024): Led front-end development, improved interactivity and responsiveness by 40%.

• Fitbet (2021–2022): Designed UI/UX for a health app, boosting user retention by 15%.

• Libe (2020–2021): Developed cross-platform app using Ionic, achieving 10,000+ downloads in six months.

• FingerTip Online Shopping App (2020–2021): Built e-commerce front-end increasing customer retention by 25%.

• AnyTimeLearn App (2019–2020): Created digital learning platform serving 5,000+ students.
